**WHAT: I-15 DEVORE PROJECT DAYTIME LANE CLOSURES**

**WHEN: Tuesday December 7, 2004**

**WHERE: I-15 from Sierra Avenue in Fontana to 15/215 Interchange in Devore**

The California Department of Transportation (Caltrans) is alerting commuters and motorists that daytime single lane closures will begin on Interstate 15 from Sierra Avenue in Fontana to the 15/215 interchange in Devore. Lane closures have been occurring during nighttime hours to avoid disruption to commuter traffic, however, due to colder temperatures at night, daytime work is required to complete the Rapid Rehab project.

One lane will be closed in each direction on Interstate 15 within the project limits for a period of approximately two weeks on southbound I-15 from 10:00 a.m. to 6:00 p.m. and on northbound I-15 from 8:00 a.m. to 3:00 p.m. The work will include striping, joint seals, and loop detector sealant during the final phase of the project.

**Two lanes will remain open in each direction at all times** and I-15 will be restored to full capacity during evening hours. Motorists are advised to drive with extra caution during the closures. Please remember to stay alert and always **SLOW FOR THE CONE ZONE.**
